

## What do Guests say?

“From my own personal experience I know that events that were happening to my mother as she was carrying me in her womb somehow had an effect on me. So when The Well offered me the chance to receive teaching and ministry on the '9 month prayer' I welcomed the opportunity.

Through the teaching and prayer ministry I became very aware of events that were happening outside the womb were having a real impact on me inside the womb and were still having an effect on my life today.

I had been conceived while my mother was in grief from the death of her father and her older brother and from the loss of her stillborn baby girl.

While my mother was trying to come to terms with all these events, through the prayer ministry of The Well it was revealed that I also was somewhat confused with the same situation whilst waiting to be born.

Through prayer I was released from these disturbing events to come into a new place of Freedom and Peace in Christ.”

## What do Guests say?

“My nursing experience made me aware that carrying a baby is a precious time for both mother and the unborn child. Events during pregnancy affect both the life of the mother and the baby.

As I received teaching and prayer ministry about my life in the womb I was released from rejection and negative words spoken at the time of my birth and reassured of God's provision and amazing love.” MR

# Praying into Our Beginning

## Father God Knows Us!

### Ps 139:13-16

“For you created my inmost being; you knit me together in my mother's womb. I praise you because I am fearfully and wonderfully made; your works are wonderful, I know that full well My frame was not hidden from you when I was made in the secret place. When I was woven together in the depths of the earth, your eyes saw my unformed body. All the days ordained for me were written in your book before one of the came to be.

This ‘beginnings’ prayer which focuses on the time we were in our mother’s womb can be a wonderful prayer encounter with Father-God. We know from Luke 1:41-44 that Jesus’ cousin John the Baptist ‘leapt for joy’ at Mary’s news of her pregnancy with Jesus. Babies can experience all sorts of emotions in the womb. It is possible for a baby to rightly or wrongly discern that it was not wanted or an inconvenience or even not loved. Therefore a deep sorrow or rejection can be buried in their spirit.

This prayer concentrates on praying into the 9 months we spent in our mother’s womb, asking God to heal any wrong emotions or lies which we picked up about ourselves.

## Who is it for?

Anyone! In our prayer ministry experience, whatever the Guest’s time in the womb was like, it is a gentle and healing reminder of how much Father-God loves them and has always been there with them.

Some Guests sense inside that they are not special. There may be a deep pain buried in their spirit. If our Ministry Team hear any of the following phrases we begin to sense that maybe our Guest will benefit from a 9 month beginnings prayer:

- ◇ I was an accident, my mother/father never wanted me.
- ◇ My mother wanted a boy/girl.
- ◇ My mother had many miscarriages/still births before me.
- ◇ My mum was involved in a serious car accident when she was pregnant with me.
- ◇ I was the result of a one night stand. I don’t know my dad.
- ◇ I just don’t feel special.
- ◇ I have a deep pain inside me

## What will happen?

Firstly, the leader of the prayer team which usually consists of two people will ask you a number of questions about your conception and womb experience. For many Guests their knowledge is very sketchy but this does not matter.

After fact finding, the team will decide how to proceed. They will make sure that you feel comfortable. The prayer will probably last about one to one-and-half hours but you are able to stop at any time.

The team will pray through each month you spent in the womb. They will use biological information regarding your development as well as lots of Bible verses about God’s amazing love for you. They will refer to any information you have given to them during the interview time.

Sometimes as the Team pray, a Guest will feel some emotion like sadness, or pain or anger. The Team will carefully pray into these as they arise.

The prayer finishes with the Guest’s birth. If this was a particularly traumatic time another appointment may be needed to specifically pray into this time.
